

**A RESOLUTION FROM THE CENTRAL COMMITTEE OF THE PARK COUNTY
REPUBLICAN PARTY (WYOMING)**

Demanding Elections in Wyoming be Counted by Hand.

Whereas, Wyoming citizens have lost confidence in the voting process.

Whereas, the use of machine tabulators has been utilized throughout Wyoming and used by each county election office.

Whereas, the use of machine tabulators has proven to be imperfect, resulting in incorrect election results.

Whereas, the Laramie County Elections Office erred in the testing of the machine tabulators and subsequently was sued by the Wyoming GOP resulting in all Wyoming County Clerks having to retest their machine tabulators in accordance with the law.

Whereas, the citizens have been denied the ability to access and verify the integrity of the tabulation of ballots at the county and state level.

Whereas, some county election offices in other states have found it to be more prudent and accurate to hand count only.

Whereas, electronic voting machines should only be used for those persons incapable of casting their vote on a paper ballot and after the individual uses the electronic voting machine that ballot receipt will be printed for hand count.

Whereas, we the citizens in Park County have been conducting polls since 2021 resulting in over 85% support in returning to hand counting paper ballots at each election.

Whereas, seven local Park County legislators, as well as Secretary of State, Chuck Gray, have agreed to support counting ballots by hand.

Whereas, the Secretary of State, Chuck Gray, has already confirmed with the Park County Board of Commissioners, that hand counting ballots is legal in Wyoming.

BE IT RESOLVED, The Park County Republican Party (Wyoming) hereby:

- Demands the restoration of confidence and integrity in elections pursuant to Article 1 Section 27 of the Wyoming Constitution,
- Demands ballots be counted only by hand at each election, and any recount of an election be done solely by hand count,
- Demands no further funds be expended for updating, acquisition or use of machine tabulators.

This Resolution was adopted by the Park County Republican Party on August 7, 2025.
